

Muirfield's Pathways

Muirfield's Pathways

Dark red lines denote the 29 miles of private pathways in Muirfield Village. The pathways criss-cross the village following the terrain of the land. You'll find natural vegetation, quiet wooded areas, beautiful vistas of the two golf courses, tranquil lakes, hills, curves, and wide, open views of parkland. To accommodate our residents, benches have been provided at strategic locations along the paths for resting and contemplation. The Association office

and two recreation facilities are highlighted in gold on the map. The twelve privately-owned lakes are shown in dark blue. Residents are welcome to fish these designated lakes. Please remove all fishing supplies and equipment when leaving.

We hope this map helps to guide you along Muirfield's private pathway system!
