

The following residents have been nominated to serve on the Muirfield Association Board of Directors for a 3-year term.

BOARD OF DIRECTOR NOMINEES:

Robert Fathman*
Rory Gaydos*
Ray DiRossi
Jeff Dennis
Jack Woods
Tom Scott
John S. Ensign

**Incumbent*

The nominees have submitted the following biographical sketches:

ROBERT FATHMAN - 5805 TARTON CIRCLE NORTH

My wife and I have lived in Muirfield for 32 years and have been involved in many ways. For the past several years I have chaired the Muirfield Civic Action Committee, a group that successfully pressured AEP into spending \$14 million upgrading electric service in Muirfield.

Then as a Board Member of the Association and now as Board President I have been an advocate not just for keeping Muirfield up to date, but for advancing it *ahead* of newer subdivisions with improvement to facilities, landscaping and the website. I have actively sent out email blasts informing residents of happenings in Muirfield and Dublin, election info and notices of road closures.

The Association has upgraded landscaping for Muirfield neighborhood entrances, added stone walls and new flowers and irrigation systems where water is available, and pickleball has been added to our tennis facilities. Changing legal representation has resulted in vastly improved collection of past-due accounts and better compliance with deed requirements.

Directors need to look forward, and not just be content with the past. I want Muirfield to be the place where your home value increases, and where your children and grandchildren will return to live. As you consider candidates, I hope you will support the efforts I've made to move Muirfield forward financially, aesthetically and with improved facilities.

I respectfully ask for your vote to keep me on the Board, working on your behalf.

RORY GAYDOS – 8900 TURIN HILL COURT NORTH

Friends and Neighbors:

I am seeking re-election to the Board of Directors. Having served two terms on the board has been rewarding and I believe I can continue to provide thoughtful leadership for our community. I bring with me a master's degree from The Ohio State University in Public Policy and Management with a focus on non-profit organizations such as our homeowners association. Professionally I have had several roles as a technology director for non-profit and educational organizations.

Muirfield is a neighborhood that my wife Christina Alutto and our 5 children are proud to call home. Christina is currently serving on her second term as your at-large city council representative and all our children volunteer throughout our community. We have children enrolled in in the Dublin school district.

As your elected board member, I will work to ensure we plan thoughtfully for the future of our community while continuing to work with the City of Dublin to ensure maximum resources are provided to Muirfield. Furthermore, I will continue to focus on streamlining our operations in an effort to ensure we are fiscally responsible.

During my last term on the board of directors I have had the pleasure to be a driving part of the team that brought you legal and legible street signs at no cost to our association, background checks for new employees, regular drug testing for employees, city sponsored art, pickleball courts, and freshly stocked fishing ponds.

I ask for your vote so that I can continue to represent you.

RAY DIROSSI – 5732 SPRINGBURN DRIVE

My wife, Jennifer, and I moved to Muirfield in 2005. I have always been very involved, volunteering my time to enhance life in Muirfield. Both of our children swam with Muirfins and my wife and I served as Board members of Muirfins for several years.

Since 2011, I have been a member of the Muirfield Village Civic Association (MVCA,) which later became the Muirfield Social Activities Committee (MSAC). These committees have been responsible for delivering social activities and community events for the residents of Muirfield. Some of our most popular events are the Annual Santa Brunch, the Fishing Derby, and the Spring Egg Hunt. I served as Chair of MVCA and currently serve as Chair of MSAC. In fact, I am the one in costume as Santa and the Muirfield Bunny each year! I also spent five years volunteering on Muirfield's Grounds and Facilities Committee, which helped to oversee our trails, paths, pools and numerous other community assets.

My professional career focuses on Ohio's budgets and tax policy, financial skills that will be an asset to the Board making the best use of limited resources. I want to continue serving the community, by applying my many years of experience and involvement to help Muirfield Village remain a beautiful and vibrant community. Muirfield is an amazing community with wonderful people, a great history, and is an incredible place to raise a family.

I am seeking a position on the Association Board, and I respectfully ask for your vote.

JEFF DENNIS – 5690 DUDDINGSTON DRIVE

Hello,

I've recently relocated to Muirfield Village with my family from Cleveland Ohio. I am a father of four boys ranging from ages 3 to 13 and have been married to my wife Shannon for over 15 years. I'm the Founder and CEO of an IT consulting firm TRNSFRM, and more recently a property management firm.

My background in business and management, as well as my experience in the IT industry, have provided me with the skills and knowledge necessary to make a positive contribution to the Muirfield Village community. As a

potential member of the board of directors, I am interested in working with the community to ensure that Muirfield Village continues to be a great place to live and raise a family.

In particular, I am passionate about maintaining and enhancing the quality of life in Muirfield Village, as well as promoting sustainable development and growth. I believe that my experience in business and management, combined with my dedication to the community, make me an excellent candidate for the board of directors. I look forward to the opportunity to serve my community in this capacity and contribute to its continued success.

JACK WOODS – 5737 STRATHMORE PLACE

My wife (Dianna) and I currently have dual residences in Dublin and in Dayton which we split time about 50/50. I am a partner in an accounting/tax practice in Vandalia, which has been in business for 40 years, serving medium size businesses and individuals with their Accounting and Tax needs. Over the years I have served on a Not-For-Profit organization (Friends of Aullwood) board of directors, I have been on two different Homeowners Association board's, and I am the Treasurer for The Mews Association within Muirfield. I also serve my local Church for the last 7 years as their Treasurer. I was very impressed with the Muirfield Association when we moved here, specifically its vast size yet providing attention to detail like it were a much smaller organization. Being an accountant, I believe that "fiscal responsibility" is the most important aspect of any business organization. The current amenities within Muirfield are fantastic, which I think should be maintained. But life changes and you have to be reactive to community members want's as well as looking at other organizations for their successes and failures. Concerning capital projects, each project needs to be evaluated on its own merits to determine if it would a viable project, looking at costs, time frames and availability of services and materials. Finally, what would the long-term costs associated with a project be and how can that be addressed within the budget.

Thank you for your time and consideration for this opportunity,

Jack Woods

TOM SCOTT – 5291 ARYSHIRE DRIVE

My name is Tom Scott and I am a relatively new resident of Muirfield Village. I moved here in April 2022 with my wife and two daughters. I want to serve on the board in order to maintain the prestige of Muirfield Village and ensure it continues to be a great place to live and a great place for my daughters to grow up. As a father in his mid 30s, I could carry the flag for the younger families in the neighborhood and keep Muirfield Village up with the times while preserving the values and foundation the community was built on.

I feel as though it is imperative to maintain the existing amenities in the neighborhood while evaluating their usage and opportunity for improvement. I think capital projects could focus on enhancing and maintaining the natural beauty that exists within the neighborhood and could also center on the safety of our residents. This includes measures to slow down cars on our streets that often exceed the speed limit. From a financial perspective, as a CPA, I am no stranger to a smart, conservative and accurate budget and I believe that is essential to the continued success of the association.

Thank you for your time and consideration

JOHN S. ENSIGN – 8833 BELISLE COURT

My wife Jane and I came to Muirfield Village from Chicago, purchased our home on Belisle Court, raised our family, and participated in the dynamic growth and maturing of Dublin and Muirfield over those intervening years. Jane taught in the Dublin City Schools and I worked in the local design & construction industry. This provided us the opportunity to know our community as homeowners as well as understanding Muirfield's role in our growing region.

I would be honored to serve as a Muirfield Village board member and will bring the skills I developed during my working career and my community service if elected. As a professional engineer, I served as President of a large local construction company, a partner of a major Architectural firm, and currently own a consulting business. From this experience, I hope to bring a realistic understanding of the long term costs and economic impact of decisions relating to infrastructure design and construction issues brought before the Muirfield Association Board of Directors. As a past Chair of the Mid-Ohio Regional Planning Commission (MORPC) and Board member of the Central Ohio Transit Authority (COTA), and other boards, I understand the dynamics of community boards, how they function and the most efficient and effective ways to work with others to achieve positive results for the welfare of the community.

If elected, my focus will be on fiscal responsibility, community safety and security, and developing and maintaining the amenities that make Muirfield a destination community.
