

The following residents have been nominated to serve on the Muirfield Association Board of Directors for a 3-year term.

BOARD OF DIRECTOR NOMINEES:

Diana Evans *
John Reiner*
Michael Russell*
Marilee Chinnici-Zuercher
Rory Gaydos
Thomas Oleksa

**Incumbent*

The nominees have submitted the following biographical sketches:

DIANA EVANS - 6020 SPRINGBURN DRIVE

I am asking for your vote for the Board of Directors. Muirfield is a unique area in which to live. Muirfield is the first area designed to have a pathway system for residents to enjoy, we were the first area to have our own pools, our green space is second to none, our ponds are stocked for residents to leisurely enjoy fishing and the playgrounds can be used by all. We have a diversity of ages in Muirfield and have recently added a pickle ball court along with volley ball and basketball courts improvements. We have golf chipping and putting greens. All of this is unique to Muirfield, and during the last couple of years I am proud I was a part of these decisions.

I think our biggest concern now is to maintain our landscaping and houses to protect and update our homes, our biggest investment. The Board has made landscaping and architectural information available to those that wish to improve their homes which so many of us have found useful.

My family is members of Dublin Community Church since 1978, 3 daughters graduated from Dublin High School. I volunteered in the schools, was on the PTO Board, I have been a Docent at the Columbus Zoo for several years, I am a sustaining members of the Buckeye Ranch, a past officer and member of the Muirfield Garden Club, a golfer, skier, investment club officer, and active member of Leatherlips Yacht Club.

JOHN REINER - 8977 Turin Hill Court North

My wife, Sheila and I, have been residents of Muirfield Village for thirty-seven years and are the parents of four children. I am President of Oakland Nursery, Inc. I am a graduate of The Ohio State University and attended Harvard University Graduate School of Design, Continuing Professional Education Management and Marketing.

I have served on the Muirfield Association Board of Directors for the past twenty-seven years having been president 1992 through 1994. I also serve on the Muirfield Design Control Committee. I was Vice Chairman of the Dublin Planning and Zoning Commission for eight years and was the recipient of the 1990 Citizen of the Year Award from the City of Dublin. I received the Society of Landscape Architects highest award for my work with progressive legislation. In 1996, I was honored as a "Community Hero" and was selected to carry the Olympic torch for my charitable activities and service to the city.

I was appointed to Dublin City Council in 1997, and continue as Ward III Councilman, which covers the majority of Muirfield Village, and am currently Vice Mayor. I assisted with the early legislation that has set Dublin apart from other cities (regarding signage, land use, park acquisition, bicycle trails, landscaping, and underground utilities). My primary goal as a returning board member is to continue to find ways that maximize the re-sale value of Muirfield homes and also protect the quality of life issues that attract families to our community.

MICHAEL RUSSELL – 5795 TARTON CIRCLE NORTH

Fifteen years ago, my wife, Peggy and three daughters settled in Muirfield Village. While house hunting, we were continually drawn to Muirfield for the amenities, natural surroundings, water, and required architectural design standards. As an architect, I appreciate the aspects of continuity; yet still how it maintains the sense of small unique neighborhoods throughout the village.

During the 7yrs I served on the Grounds & Facilities Committee, and the past 3 years on the Board, I endeavored to help Muirfield be pro-active in managing, and upgrading, our resources to allow Muirfield to maintain the competitive edge that it has in the housing market. I hope to continue to bring fresh ideas to the board and make an impact on our surroundings, and in maintaining the amenities available to each of us.

With 30+ years of experience in architecture, managing large design and construction projects, I add a diversified capability to the board. This experience benefits the Muirfield community in making decisions on the competing needs we have, and will continue to prove valuable to Muirfield management and the community.

The natural surroundings and landscapes are important first impressions of our community, and have as much to do with maintaining property values as the homes. For this reason, we need to continue to think of the Village as a whole, and how it contributes to the City of Dublin. Muirfield has unique attributes; the natural surroundings, trails, facilities, ponds, entrances, even the fences, all contribute to the tradition as the premier community in Central Ohio.

MARILEE CHINNICI-ZUERCHER – 6043 GLENBARR PLACE

I have lived in Dublin since 1986 (Donegal Cliffs) and in Muirfield since 2004. I recently retired from 16 years as a Dublin City Council at-large member, was Mayor for six years and chaired the Finance Committee. Prior to joining Council, I was on the Dublin Planning and Zoning Commission and served as Chair. I retired in 2013 from HandsOn Central Ohio where I was CEO for 22 years.

I have devoted my life to giving back to my community both in locally, regionally and nationally. I believe that our 'community' is what we make it through our personal engagement. Muirfield Village is one of the first but oldest housing communities in Dublin. To be competitive with newer areas, we need to continue to assist Muirfield residents in updating their homes including their street appearance. We need to encourage active participation in the Muirfield Village Committees and social organizations so that everyone feels a part of the community and looks to 'aging in place' here.

I would like to look at everything MV takes responsibility for to determine if it is time to ask the city to take over some of the responsibilities that we have traditionally taken care of. As Muirfield has expanded and time has passed, costs have increased substantially for MV.

RORY GAYDOS - 8900 Turin Hill Court North

I write this letter seeking election to the Board of Directors. Currently I am serving my second term on the Grounds and Facilities Committee.

Muirfield is a neighborhood in which my wife Christina and our 5 children are proud to live. Muirfield embraces a way of life that we are passionate about maintaining. The beautifully maintained grounds, walking trails, and pools brought us to Muirfield but it is the unique make up of our community and wonderful people that will keep us here.

As a member of the board of directors I would work to ensure we remain fiscally responsible, ensure association fees are not increased, and work to implement lean processes. The goal is to streamline our operations to ensure we are utilizing our resources (funding, human capital, and skillsets) responsibly. I believe this is something we can accomplish by leveraging six-sigma principals, Kaizen processes, and benchmarking similar progressive communities.

I have served on the grounds and facilities committee and have been fortunate to have brought you park benches on our trails, additional shade trellises at our pools and spray ground, a shared use tennis/pickleball courts, a new and safe crossing to our pool on Glick Rd, modern sound systems for our pool, and additional walking trails throughout our community.

In closing, I respectfully ask for your vote so that I may represent you, my neighbors and friends as a member of the Board of Directors.

THOMAS OLEKSA - 9189 Moors Place North

My wife, Beverly and I, have lived in Muirfield for fourteen years and I consider it a privilege to be nominated for a position on The Board of Trustees.

I have been a member of the Grounds and Facilities Committee for seven years, and Chair for the past three years. Our accomplishments, during this period, include the Dedication Program; upgrades at our pools and tennis courts; and the very successful Residents Survey.

My work career included sales management and I am proud of my past experience with civic and residents' associations over the past 40 years.

Our grounds, walking paths, and facilities are one of the most important selling points for Muirfield. I believe strongly in our building and landscaping standards as they help maintain the property values we all desire.

As a member of our Civic Action Committee, I continue to keep the concerns of our community in front of the City of Dublin and the favorable considerations we have received such as the new bridges at the Brand Road entrance to Muirfield.

As G&F Chair, I have attended all of the Board meetings and have witnessed the breadth of topics confronting our Trustees. I believe my experience with other home owner associations and my years serving on the G&F Committee have prepared me to play an intricate part in helping the Home Owners Association continue to direct its efforts toward providing programs and better communication with all the members. I, therefore, ask for your vote of confidence.
