We are pleased to announce The Muirfield Village Garden Club was selected as first place winner in the category, "Decoration of a Historic Building," by National Garden Clubs, Inc. for their inspired designs for the 2017 Old-Fashioned Christmas at Coffman House. We are looking forward to seeing more creative work from the group in the days ahead as we begin preparations for the 2018 event.

About the Dublin Historical Society:

The Dublin Historical Society was formed in October 1974. Its purpose is to discover, collect and preserve documents and materials relevant to the history of Dublin and the surrounding area. It also encourages preservation of historic sites and a study of local history. DHS is a 501(c)(3) non-profit organization, supported by membership dues, grants and fundraising.

The Dublin Historical Society is an all volunteer-driven organization and we are proud to provide services to the community on a small budget, including Coffman Homestead tours, local history programs for schools, walking tours of Historic Dublin and the preservation of acquisitions from Dublin's early years.

Dublin Memories Project is a collaboration with the Columbus Metropolitan Library – Dublin Branch and City of Dublin to collect and digitally archive photos and documents from Dublin's early years. To date, more than 650 images have been scanned, metadata recorded and uploaded for viewing and research by the public. The project continues with additional photos being identified and scanned. Additionally, DHS has produced three 30-minute DVDs about the area's history, as well as video recorded oral histories about individuals and organizations of significance in Dublin.

The Society's board consists of four officers and six trustees. There is no paid staff.
