CIVIC ACTION COMMITTEE Residents Efforts Dramatically Re-shaped Riviera

In October 2012, alarm bells went off all over the north-west quadrant of Dublin when Business First carried an article that the Riviera Golf Club might soon become 500 homes. The developer was identified as Charlie Ruma.

Concerns about school overcrowding, tax increases, traffic, and loss of green space led MVCA Civic Action Committee Chair Bob Fathman to organize a “Riviera Concerns Group” (RCG) to explore options and potentially protect Muirfield residents from the impact of a mega-development just across Avery Road. RCG was quickly joined in brainstorming by the leadership of Belvedere, Tartan West, Savona Condominiums, Park Place, Post Preserve, Brandon, Celtic Estates, and the Friends of Dublin.

First efforts of the group were aimed at keeping the Club in business, or at least “keeping Riviera green”. There was hope to convince the City and/or School Board to purchase the property for parkland and a nature study area, as was done by the New Albany Schools. The group contacted the Wetland Bank of Central Ohio and learned that eligible acreage converted to wetlands could

The Muirfield Village Garden Club, with support from the City of Dublin, Dublin Foundation and the Muirfield Village Civic Association, is busy designing the Blue Star Marker Garden. We plan to have a lovely garden with flowers in bloom throughout the season.

Started in 1945 by the National Garden Club, Inc., the Blue Star Memorial Marker Program was developed to honor the men and women serving during World War II. The name was chosen for the star on flags displayed in homes and businesses with family members serving in the armed forces.

Each time a Blue Star Memorial is dedicated, we show our love for this beautiful United States of America and our appreciation for the Armed Services of America.

Thank you for all of your support and we look forward to seeing you at our dedication.

Although it was a chilly but clear February evening, guests immediately warmed to the lovely atmosphere. Cocktails and hors d'oeuvres were served while ballerinas performed from the Dublin Dance Centre & Gymnastics Ballet Company, under the direction of Martine Clark. Jeff Hogan of Channel 10 was a gracious emcee, donating his time and attending with his wife.

Dinner was an elegant affair and Mama Knows Best, a Muirfield female-owned business, (www.mamaknowsbestco.com) provided exquisite handmade truffles for guests to enjoy post dinner. After dinner guests were entertained by the extraordinary talents of David Williamson who enchanted all with his sleight-of-hand magic and comedy show. After the show, DJ ANT kept guests dancing until midnight! A wine pull sold out quickly and a 50/50 raffle contributed to the fundraising efforts.

Gala Co-Chairs Amy Weeks and Sharon Zimmers (both long-time Muirfield Village residents) agreed that the event was a huge success, raising thousands of dollars which will be 100% used for philanthropy. Thanks to all of the businesses and individuals that provided their support by purchasing tickets or providing a good or service. The entire committee spent countless hours planning the gala and no detail was missed. A lovely evening was enjoyed by all in attendance and we know based on the success of this year's gala, that next year's (to be held on February 27, 2016 at TCC) will sell out quickly.

2015 MVCA ANNUAL MEETING

Keeping it close to home, the MVCA hosted this year's annual meeting Sunday, January 25th at the Bogey Inn. Open to members and non-members alike, more than 40 people attended for some socializing, warm appetizers and of course, a little business. Our featured speaker this year was the new Dublin City Manager, Dana McDaniels. New to the position, but not to Dublin, Dana's tenure with the city spans 26 years. He was able to field questions and lead an informative discussion pertinent to all in attendance. His time and knowledge was greatly appreciated. Members also spoke of new events in Muirfield like a cycling group, and Mother's Day 5k Walk/Run benefiting the Women's Foundation for Cancer. The MVCA again proves to be a strong platform for keeping up with our innovative neighbors and the community's ever-changing interests!

This annual event was a wonderful way to wrap up a little work with much needed neighborhood camaraderie not often found in these especially cold winter months! We hope you will consider joining us next year to meet new neighbors, catch-up with old friends and learn more about the Muirfield Village Civic Association and all that it does to make Muirfield the unique and wonderful place we call home!

THE BOUNCE CLUB FAMILY EVENT

On Friday, February 27th, the MVCA held an event at the The Bounce Club on Presidential Parkway in Powell, Ohio. The Bounce Club is an indoor trampoline park that offers people of all ages a chance to jump and tumble. Dublin schools were closed that day, so kids were able to have fun with their friends, while moms were happy to have an outlet for all the pent up energy. Close to 50 kids, ages 1-13, attended the event. The Bounce Club was very welcoming and the staff worked to make our event fun for all. There was also a big party room for the moms to hang out or for the kids to relax in between bouncing. Thanks to all the families that attended the event and as one kid said, 'it was way more fun than being in school!'

IT TAKES A VILLAGE

Thanks to all our Civic Association Volunteers who spend countless hours advocating for our community with our Civic Action Committee and those organizing our community activities such as our movies at the pool, our annual Easter Egg Hunt, Black and Tan, Empty Nester outings, Garden Club & more. All of these great events make this community one of the best to live in! It really does take a Village! Please consider volunteering in our community. The Civic Association is currently in need of volunteers for the following committees:

Empty Nesters Chair Needed

Volunteers needed to chair the Empty Nesters Group. The Empty Nesters have traditionally been the most active group in Muirfield and they are currently seeking one of their members to take on the role of coordinator for planning and helping to execute upcoming events. MUIRFIELD WAS HOME TO A CHURCH AND SCHOOL IN THE 1800'S

As mentioned in the article about the cemetery in the last newsletter, there used to be a church on the same plot of ground, just south of the cemetery. Built on Kinross Drive about where it intersects with Memorial Drive, it was known as "Mt. Zion United Brethren Church," or "The Old Myzine." According to Muirfield CAC Chair Bob Fathman, early historical documents had some residents being buried in that cemetery as early as 1760, so building a church next to the cemetery must have seemed a natural location. In 1846 local farmers hewed logs to construct the church, but then a saw mill opened. Logs were hauled there and a wood frame church was erected – very modern for the location and times! Early residents said this was the highest point in Franklin County, an auspicious place for their humble church.

The church had three windows on each side, stone steps leading to double doors, with walnut furnishings inside. The interior was tall enough to allow a small balcony. But the settlement was scattered and it never had a large enough attendance to hire a full time pastor. So a circuit-riding minister served the congregation. Strawberry and ice cream socials were held here and Sunday school was held in the non-winter months. A driveway ran between the cemetery and the church.

In 1915, after nearly 70 years as the social and spiritual center of the community surrounding what is now Muirfield, the church was either intentionally razed or accidentally burned down; reports vary, and the church was never rebuilt. The stones from the foundation were carted away to build "Leonard Tuller's House" on Brand Rd., near the entrance to Bristol Commons.

Muirfield was also home to a school. The Glick School, also called the Glick Scioto School, or the Reibel School, was so-named for the farm on which it was located. This one-room frame building was on the north side of Glick, approximately where our Glick pool is Kids walked, rode a horse, or were transported by a 2-horse wagon with a bench on each side and a rolled curtain to keep out the elements iwhen needed. Bigger horses were used in muddy weather! Records are sparse, but it may have been built about 1871. [Anyone with more information, please e-mail Bob Fathman, rfathman@columbus.rr.com].

THE EASTER BUNNY VISITS MUIRFIELD VILLAGE

It was a brisk but beautiful, sunny day on Saturday, March 28, as over 100 Muirfield children and their families enjoyed collecting Easter Eggs filled with treats at the Holbrook Facility. Apparently, the Easter Bunny had been there to spread some Easter cheer and was still on hand to meet families and have pictures taken. Fun was had by all as the tradition of celebrating Easter as a community in Muirfield continues.

receive payment of \$48,000 per acre, partially offsetting purchase costs.

The number of homes proposed dropped to 285. Approximately 300 residents turned out at the first Planning and Zoning hearing wearing "Keep Riviera Green" stickers. However, the park and wetlands proposals could not go forward if the developer continued to have a proposal before the City. Neither the City nor the Schools seemed interested in creating parks. With the inevitability of homes, RCG turned its focus to making the subdivision the best it could be, with the fewest homes.

P & Z Commissioners gave Ruma feedback that major changes were necessary and he returned a few months later asking for 244 lots. Again he was turned down, told to rework the plan to save more trees, and use "conservation design" principals.

Returning to P & Z March 26th, Ruma had dramatically improved his proposal. The number of lots was down to 185, the design had improved to create 50% open space, buffers

to adjacent neighborhoods were added, and a mile of bike paths. The RCG, City Planning staff, and P & Z Commission all praised the new plan, but felt it still needed more tweaking. Concrete or paver drives were added as a must, vinyl windows and trim were removed, and it was recommended that a few lots be removed. The next, and likely final, hearing will be past the publication date for this newsletter, but the outcome should include even more improvements.

This overview is intended to point out the truly wonderful outcome of citizens in nine civic associations working together with Planning staff, Commission members, and however reluctantly the developer. The end result should be a good subdivision -- a mix of family and empty nester homes, adjacent to 76 acres of open space, with seven ponds and most landmark trees preserved. The resulting project has met most of the objections of neighboring subdivisions, while lessening the impact on Dublin schools and taxpayers. Thank you to all who attended meetings, spoke out, e-mailed city officials and offered support. It was great teamwork -- democracy and citizen involvement at its best.

The Muirfield Men's Luncheon group meets at a different location each month, not because they are not invited back, but to experience new locations and a variety of fare from fine to casual.

Although no issues have been resolved, and there is no indication that any issue will be resolved in the future, the group continues to meet and is welcoming additional male participants to the discussions and friendship. Sometimes there is a speaker and the lunch usually begins promptly sometime around 11:45 and lasts until the checks come and the waitress collects the money.
